**NOTICE OF ADOPTION
ORDER R5-2018-0058
AMENDING WASTE DISCHARGE REQUIREMENTS ORDER R5-2016-0020
(NPDES NO. CA0077682)
FOR
SACRAMENTO REGIONAL COUNTY SANITATION DISTRICT
SACRAMENTO REGIONAL WASTEWATER TREATMENT PLANT
SACRAMENTO COUNTY**

Enclosed is Order R5-2018-0058, amending Waste Discharge Requirements Order R5-2016-0020 (NPDES Permit) for the Sacramento Regional County Sanitation District's (Discharger) Sacramento Regional Wastewater Treatment Plant (Facility), adopted by the California Regional Water Quality Control Board, Central Valley Region, on 2 August 2018. The amending Order became effective immediately upon adoption. Also enclosed is your amended NPDES Permit, Order R5-2016-0020-01.

The Central Valley Water Board is implementing a Paperless Office system to reduce our paper use, increase efficiency, and provide a more effective way for our staff, the public, and interested parties to view documents in electronic form. Therefore, the Discharger is required to submit all self-monitoring, technical, and progress reports required by the Orders via California Integrated Water Quality System (CIWQS) submittal. In general, if any monitoring data for a monitoring location can be submitted using a computable document format (CDF) file upload, then it should be submitted as a CDF file upload, such as characterization monitoring data. However, certain parameters that cannot be uploaded to the CIWQS data tables, such as Annual Operations Reports, should be uploaded as a Portable Document Format (PDF), Microsoft Word, or Microsoft Excel file attachment. Also, please upload a cover letter summarizing the content of the report to the submittal tab of the CIWQS module for each submittal.

All other documents not required to be submitted via CIWQS shall be converted to a searchable PDF and submitted by email to centralvalleysacramento@waterboards.ca.gov. Please include the following information in the body of the email: Attention: NPDES Compliance and Enforcement; Sacramento Regional County Sanitation District Wastewater Treatment Plant; CIWQS place ID 254981. Documents that are 50 MB or larger must be transferred to a CD, DVD, or flash drive and mailed to our office, attention "ECM Mailroom".

KARL E. LONGLEY ScD, P.E., CHAIR | PATRICK FULUPA, ESQ., EXECUTIVE OFFICER

Now that your amended NPDES Permit has been adopted, the Central Valley Water Board's Compliance and Enforcement section will take over management of your case. Ayda Soltani is your point of contact for any questions about the enclosed Orders. You may contact Ayda Soltani at (916) 464-4634 or ayda.soltani@waterboards.ca.gov.

If you find it necessary to make a change to your permitted operations or have any questions regarding the enclosed Order(s), please contact Xuan Luo my staff at (916) 464-4606 or xuan.luo@waterboards.ca.gov.
